

Wet and dry approaches to enhancing contextual understanding of pharmacokinetics in UG and PG teaching

SJ Tucker (Abstract No. PE019)

School of Medicine, Medical Sciences & Nutrition, University of Aberdeen

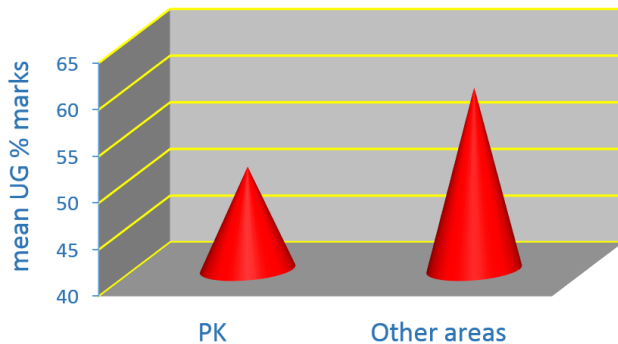

Problem:

Pharmacokinetics is hard!

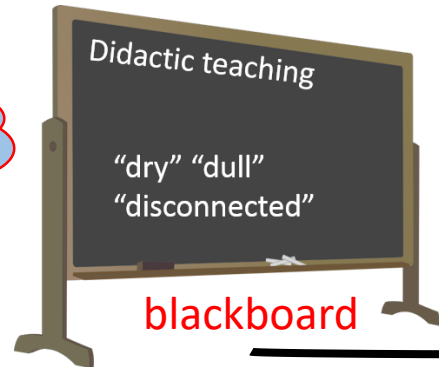

I can't see the relevance!

UG student performance in PK assessments compared to others

Solution 1: suite of PK practicals

blackboard

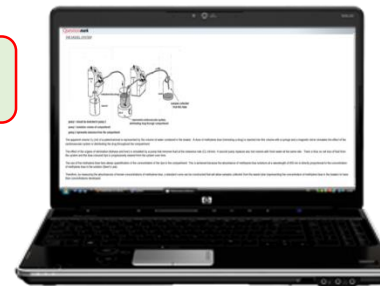

benchtop

Solution 2: online simulations

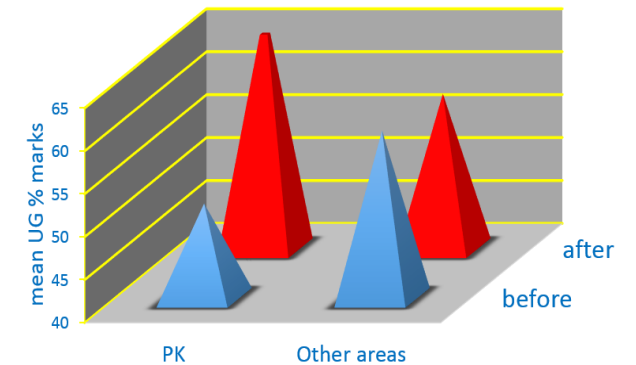

benchtop

laptop

Outcomes:

UG performance in PK assessments compared to other areas before and after use of new approaches

understood the theory after the lab work

Clear and useful

Brought PKs to life
